

CogSci 2022 Hybrid Conference Program at a Glance - Toronto, Ontario & Online

Onsite Room Location at the MTCC North Building							27-Jul												28-Jul												29-Jul												30-Jul																					
(Sydney) AEST	(Japan) JST	(Paris) CEDT	(LA) PST	EDT	103	104A	104B	104C	104D	102 - Theatre	103	104A	104B	104C	104D	202 D	202 B	201 D	201 F	Constitution Hall	Virtual	102 - Theatre	103	104A	104B	104C	104D	101	202 D	202 B	201 D	201 F	Constitution Hall	102 - Theatre	103	104A	104B	104C	104D	202 D	202 B	201 D	201 F	Constitution Hall																				
22:30	21:30	14:30	5:30	8:30	Registration												Welcome from CSS Chair and Organizers In Room 102 - John W.H. Bassett Theatre												Invited Symposium: Global Challenges for CogSci												Rumelhart Symposium																							
23:30	22:30	15:30	6:30	Workshop 1: Deep learning for brain encoding and decoding												Keynote: Yoshihisa Kashima (9:00-10:00) The psychology of cultural dynamics In Room 102 - John W.H. Bassett Theatre												Causation 1 Reasoning Education Language modeling Language acquisition 2												Symposium 7: Diversity in event cognition and language																								
					Workshop 2: Building trust and conducting research with minoritized communities: A SPARK-sponsored tutorial												20 minute Coffee Break (10:00 - 10:20)												10 minute coffee break (10:10-10:20)												Groups and cooperation																							
					Workshop 3: From images to symbols: Drawing as a window into the mind												Invited Symposium: Cognition across diverse populations												Symposium 3: Diversity in spatial cognition												Development 2																							
					Workshop 4: Category theory for cognitive science												Vision Decision making Social cognition Language production Language evolution HCI 1 Numerical cog 1 Conceptual Knowledge Concepts 1 Causation Theory of mind 1 Language proc 1 Poster Session 1: Education, language acquisition, and development Affinity Group: Diverse Careers in CogSci												Symposium 4: SPARK: Race, culture, and language												Emotion																							
					Workshop 5: Fostering shared intentionality for diverse learners through cross-sensory interaction design												Lunch on Own (12:00-13:00)												Emotion Human-computer interaction Computational neuroscience 1 Culture and cognition												Keynote: Neil Lewis (10:25-11:25) Whose minds matter? Theoretical and practical implications of representation in the Cognitive Sciences In Room 102 - John W.H. Bassett Theatre																							
					Registration, Posters & Exhibits												Eiman Symposium Creativity and insight Analogy and reasoning Pragmatics 1 Language processing Development 1 Decision making 1 Education 1 Spatial cog Morality Concepts 2 Metacognition Sociolinguistics 1 Communication 1 Poster Session 2: Number, cause, emotion, space, and time												Lunch on Own (12:00-13:00)												Keynote: Emily Bender (13:00-14:00) Resisting demhumanization in the age of AI In Room 102 - John W.H. Bassett Theatre												Updates from the Society Chair, Kenny Smith In Room 102 - John W.H. Bassett Theatre											
					Symposium 1: Understanding reality and the self												20 minute Coffee Break (14:40 - 15:00)												Symposium 5: Perspectives on building ethical AI												Duolingo Sponsor Session Room 101												Lunch on Own (12:00-13:00)											
					Symposium 2: Diversity in temperament, shyness												Symposium 6: Innateness, universals, and diversity												Special cognition Language and concept acquisition Real-world decisions Communication Exploration Memory 2 Concepts 3 Semantics 2 Language proc 2 Neuroscience Learning 2 Reading 2												Computational neuroscience 2												Invited Symposium: Diversity and Social Interaction											
					Concepts Memory and learning Applied language Language acquisition 1 Emotion 1 Evert cog 2 Cooperation Semantics 1 Language models Numerical cog 2 Multilinguam 1												20 minute coffee break (16:00-16:10)												Rumelhart Prize Presentation Michael Tomasello (16:10 - 17:40) In Room 102 - John W.H. Bassett Theatre												Computational neuroscience 2 Morality Embodied cognition Pragmatics 2 Inference Syntax Education 3 Communication 3 AI 2 Reasoning Poster Session 7: Concepts, semantic representation, and memory												Glushko Talks											
					Affinity Group LASCHOOOL AND WORLDWIDE DIVERSE COGNITIVE SCIENCE 16:40 - 18:15 Room 101												Affinity Group NON-TRADITIONAL CAREER PATHS FOR COGNITIVE SCIENTISTS 17:00 - 18:00 Room 103												Rumelhart Prize Presentation Michael Tomasello (16:10 - 17:40) In Room 102 - John W.H. Bassett Theatre												Computational neuroscience 2 Morality Embodied cognition Pragmatics 2 Inference Syntax Education 3 Communication 3 AI 2 Reasoning Poster Session 7: Concepts, semantic representation, and memory												Symposium 8: Bilingual sentence processing											
					Affinity Group Neurodiversity Discussion Group												Rumelhart Reception at Delta Hotel SOHO Ballroom (18:00 - 19:00)												Rumelhart Reception at Delta Hotel SOHO Ballroom (18:00 - 19:00)												Networks and groups																							
					Affinity Group Neurodiversity Discussion Group												Rumelhart Reception at Delta Hotel SOHO Ballroom (18:00 - 19:00)												Rumelhart Reception at Delta Hotel SOHO Ballroom (18:00 - 19:00)												Language acquisition 3 Memory Causation 2 Culture Pragmatics Emotion 3 HCI 2 Learning 3 Music and art Cognition of fine 2 Poster Session 8: Reasoning, learning, and representation												Closing / Thank you In Room John W.H. Bassett Theatre
